

## X International Tinnitus Seminar Florianopolis - Brazil

Dear Colleague,

During the last International Tinnitus Seminar in Sweden, Brazil was elected to host the next edition of the event by overwhelming enthusiasm. This is the first time that such meeting will be hosted in South America.

Now, we have a great pleasure to announce that the **X International Tinnitus Seminar** will be held at the **Island of Florianopolis, Santa Catarina, Brazil from March 16<sup>th</sup> to 19<sup>th</sup> 2011**. The meeting venue will be Costão do Santinho Resort, a peace of paradise in our country.

This event brings together the largest world tinnitus community. So, it will be a great opportunity to present and discuss promising research, as well as to break down old paradigms and to be opened to new ideas.

Besides the scientific sessions, we are working to offer you a diverse agenda including cultural and touristic activities. You will be saluted by the friendly Brazilian hospitality.

Your participation would certainly help us to establish a knowledgeable and unforgettable event.

We look forward to welcoming you!

**Prof Tanit Ganz Sanchez, MD, PhD**

President of ITS 2011

**Claudia Barros Coelho, MD, PhD**

President of the Scientific Committee

**X International Tinnitus Seminar**

**March 16 - 19<sup>th</sup> 2011 - Florianopolis, Santa Catarina, Brazil**
