

AUDIOLOGICAL SERVICES IN

NEW SOUTH WALES & ACT

METROPOLITAN AND COUNTRY AREAS

AUDIOLOGICAL SOCIETY OF AUSTRALIA INC

“Your Hearing Health Professionals”

This information is produced in the public interest by the Audiological Society of Australia Inc., and is intended as a guide for those seeking the professional services of an Audiologist. To make sure that you are seeing a qualified Audiologist, ask if they are a member of the ASA and check in their clinic for their Membership Certificate and their Certificate of Clinical Practice, both of which should be current. The clinics listed in these directories employ members of the ASA.

Audiologists specialise in the assessment, prevention and non-medical management of hearing and non-medical management of hearing impairment and associated disorders of communication. Audiologists are University Graduates who have extensive specialist training at post-graduate level.

The range of services provided, eligibility, referral requirements and costs will vary between the locations listed in this guide, so that prior telephone enquiry is advised. When enquiring, ask if you will be seeing an Audiologist and if your Audiologist is a current Full & Clinically Certified member of the ASA.
